turner was deeply affected by the world in which he lived the sciences that explained it and the conflicts and accomplishments of his society he wove these strands into the dense fabric of the historical pictures he created pictures that were extremely varied complex original and controversial in angel in the sun gerald finley untangles the various thematic strands running through turner s art including the intersection of private and public histories classical and biblical history and contemporary events and science and religion and shows how turner s use of light and colour played an important role in conveying these ideas angel in the

sun includes over 130 illustrations in colour and black and white that reveal turner s remarkable achievement as a painter of historical subjects because of its interdisciplinary nature the book will appeal not only to art historians and landscape theorists but also to historians of science and literature
