jesus christ is a unique being because of his miraculous birth his ascension and the second coming therefore significant disputes have emerged regarding his reality and mission the bible itself contains two opposing images of jesus their parts have been scattered into the chapters of the books of the new testament certainly these two opposing images of jesus cannot of course both be concurrently authentic at the same time but one must be for truly jesus and the other one is for falsely jesus the two contradictory images of jesus in the bible as well as the disputes regarding his reality and his interrelation to salvation as a savior will remain until his second coming then truly jesus is manifested to the man of that time and the falsely will be destroyed but what about a person today is he aware of the two images of jesus the true image and the false one that are scattered in the bible does he not feel the necessity of exploring jesus who in his heart whether he is the true one or the false certainly whoever has based his faith in jesus on clear and conclusive evidence is rightly guided or else he is in plain error this book is a new analytical study where it assembles all the scattered parts of each of

the two contradictory images of Jesus in the Bible highlights them as two complete images. This book examines them, explores their differences, and how they falsely appear. It also presents to those who believe in the hereafter the proofs of the only one true formula of salvation and to those who do not believe the proofs of the necessity of an afterlife the hope with this book is to offer the clarity of intention and the ability to distinguish between the two readings of Jesus as presented in this book.
