nationalism the state of mind in which the individual's supreme loyalty is owed to the nation state remains the strongest of political emotions as a historical phenomenon it is always in flux changing according to no preconceived pattern in the new nationalism louis snyder sees various forms of nationalism and categorizes them as a force for unity a force for the status quo a force for independence a force for fraternity a force for colonial expansion a force for aggression a force for economic expansion and a force for anti colonialism in snyder's opinion nationalism should be differentiated from theodore roosevelt's new nationalism a phrase he borrowed from herbert d croly's the promise of american life croly warned that giving too much power to big industry and finance would lead to the degradation of the masses and that state and federal intervention must be pursued on all economic fronts roosevelt expanded upon this concept and saw the flourishing of democratic government as a means of reviving the old pioneer sense of individualism and opportunity snyder in contrast extends the work of the two major pioneers in the study of modern nationalism carlton j h hayes and hans kohn in exploring this most powerful sentiment of modern times and showing how it relates to the political economic and psychological tendencies of historical development

in this book harlan field boldly asks modern americans to leave behind their old politics which have placed

america's greatness in jeopardy and exhorts us to pursue a new political strategy that will assure america's great tradition for its future generations as we enter a new millennium harlan observes we stand poised to discard the crowning achievement of the last thousand years the modern nation state the only known entity that is capable of preserving freedom and opportunity for the individual justice for the masses a healthy environment a stable society and a vibrant economy is falling victim to the seemingly invincible juggernaut of globalism the five cardinal prerogatives of a free people are all being surrendered with little debate and even less thought the rights of a sovereign people to formulate their own independent foreign policy to raise and command a national army to admit or exclude aliens to levy tariffs on goods of foreign manufacture and to coin their own money are under attack all over the world through such peculiar pretenders to legitimacy as the north american free trade agreement nafta the general agreement on tariffs and trade gatt and the european union e u w e no longer can even remember what makes a group of people into a nation a common culture a common heritage a common language shared goals shared sacrifice shared progress this book is a must read for our politicians on the left and on the right lest because of party politics america is made to give into a secondary role on the world stage of ruthless politics and demagoguery

in the new nationalism in america and beyond robert schertzer and eric taylor woods explain why ethnic nationalists like donald trump in the us marine le pen in france and the brexit campaigners in the uk have gained so much support in the last few years through careful analysis of the social media campaigns of these new nationalists schertzer and woods show how these leaders are tapping into the history and culture of white majorities their cutting edge and multidisciplinary approach combining elements of political science sociology

history and communication and media studies highlights how leaders today are updating the historical foundations of ethnic identity for the digital age to win elections

until the end of the cold war the politics of national identity was confined to isolated incidents of ethnic strife and civil war in distant countries now with the collapse of communist regimes across europe and the loosening of the cold war s clamp on east west relations a surge of nationalism has swept the world stage in blood and belonging ignatieff makes a thorough examination of why blood ties in places as diverse as yugoslavia kurdistan northern ireland quebec germany and the former soviet republics may be the definitive factor in international relation today he asks how ethnic pride turned into ethnic cleansing whether modern citizens can lay the ghosts of a warring past why and whether a people need a state of their own and why armed struggle might be justified blood and belonging is a profound and searching look at one of the most complex issues of our time

a well researched and pertinent discussion of one of american liberalism s most important exponents choice a concise intelligent and highly readable study what is fresh and extremely valuable is the flesh that stettner puts on the bones of the old generalization about croly and liberalism this is a worthy addition to the literature on this important and influential american thinker american historical review
